

## NEWSLETTER 5 J70 EUROPEANS 2021 COPENHAGEN

July/August

# Important

Dear All J70 Europeans 2021 Sailors.

The regatta is now one month away and preparations are speeding up. Daily we are monitoring the Covid-19 situation but the predictions for end August look rather promising - the level of national vaccination for Europe will be around 70% but for sure there will be national regulations for travelling that you will need to follow.

In Denmark most likely there will be a request for documentation of vaccination or a test not older than 72 hours.

### **Important:**

The coming weeks we will be uploading a number of newsletter covering different important issues that you will have to react on:

- newsletter on Doodle reservation on measurement slots
- newsletter on Covid-19 protocol
- newsletter on social activities and how to register
- newsletter on documents needed for registration for the event
- newsletter on how to arrive and what to do at arrival

We will distribute these newsletters through Manage2Sail and we will upload them on [J70Europeans2021.com](http://J70Europeans2021.com)

Further we will upload the Sailing Instructions beginning of August as stated in the Notice of Race.

If you have any questions concerning the event please check the NOR, Newsletters or the Sailing Instructions for answers.

Looking very much forward to seeing you soon in Copenhagen.

Kind regards  
J/70 event Committee
