Charter boats

Our charter boats are listed on **boatflex.com**.

We have had 4 boats up for charter and they have now been offered to the crews who have requested this on a first come first serve basis, and we are waiting for their reply.

boatflex

We are hoping for a few more, but are waiting for final answers from the owners. You can see the listings at boatflex.com by entering Rungsted, Denmark in the search field.

Take a look at the site. You may even find a charter boat for a reasonably priced accommodation.

Stay tuned.
