

To All Sailors from The Soling Class

The International Soling Association (ISA) condemns the Russian invasion on Ukraine. Following the guidelines and resolutions issued by the IOC Executive Board February 26 - 27 and World Sailing Board support, the ISA will not accept athletes and officials from Russia in any ISA class event from now and until further notice. In the meantime we hope that constructive dialogue will lead to the resolution of these conflicts.

The Ukrainians and most of the world want to give PEACE A CHANCE. The ISA hope for the safety of our Ukrainian Soling sailors and their families.

The ISA Executive will continue to monitor the situation and may adapt its recommendations and measures according to future developments.

We pray for Ukraine, hoping we can sail all together in peace.

The International Soling Association Executive
