Parking

Around the race village there is **limited parking space** available. We urgently request participants and visitors to **carpool** as much as possible. To prevent towing of incorrectly parked vehicles or parking fines please be mindful that emergency services require an open passage and parking control is strict in Scheveningen.

The organization suggests everyone who has the possibility to come by public transport or bicycle should do so. When you do travel by car we **strongly advice using parking option 1**. This is closest to the Race Village, relatively cheap and available for cars and trailers. The parking fee is 5 euro per movement. For example if you park your car and trailer on Friday evening, you don't use it anymore, and collect it on Monday evening you will be charged only 5 euro's.
